A clinician may be required to make a diagnosis for a client and record it onto the Rio electronic patient record.

## Accessing a Diagnosis

- Click **Menu**
- Click **Quick Menu**
- Click **Client's View**

Search for Client using Client ID, NHS Number or Demographical data.

Clinical Portal – Client's View screen will display

Locate the Navigation pane (right)

- Click **Case Record**
- Click **Diagnosis**

The Diagnosis screen now displays and will show any current diagnosis recorded.

## Adding a Diagnosis

- Click **Add Diagnosis**
- Click **Event Type:** Referral
- Click **Event:** Team Referral
- Click **Event Instance:** Create New
- Click **Confirmation Date:** Enter appropriate date

A Diagnosis term (for example Epilepsy) will need to be entered into the **Add Additional Diagnosis** field, any matching diagnosis will be displayed below to allow the Clinician to choose an appropriate diagnosis

- Click **Code:** Z82.0 (example)

Code	Description	Code	Description	Select
No records available.		No records available yet. Please drop a row.		
Add Additional Diagnosis: <input type="text" value="Epilepsy"/>				
Code	Code Description			
F80.3	Acquired aphasia with epilepsy [Landau-Kleffner]			
G40.0	Localization-related (focal)(partial) idiopathic epilepsy and epileptic syndromes with seizures of localized onset			
Z82.0	Family history of epilepsy and other diseases of the nervous system			

Once the Code shows blue this can be dragged across to the top of the right side of the screen, into Selected Diagnoses, as displayed below:

Selected item (Z82.0)		
Selected Diagnoses		Add Additional Details
Code	Description	Select
Z82.0	Family history of epilepsy and other diseases of the nervous system	<input type="checkbox"/>

## Adding Additional Details

- Click **Select:**
- Click **Add Additional Details**

Here you can add any comments or record the Condition Onset Date

**Add Additional Details** ✕

Date of Diagnosis: \*  📅 Yesterday Today      Condition Onset Date:  📅 Yesterday Today
