Overview.....	1
Recording a GP	1

Overview

When a Client is registered in Rio, it is mandatory to record a GP/GP Practice and the Date Registered with the Practice to complete the registration. If the GP is not known at the time of registration, then an Unknown GP may be entered.

Recording a GP

If the Client is registered with a GP the detail should infill once synchronised with the NHS national database known as the Spine.

If the GP is known before hand this can be recorded as follows:

Click **Menu**

- Click **Quick menu**
- Click **Demographic Details**
- **Search** for Client

The **Demographic Details** screen will display.

- Click **Edit this client** (bottom of the Screen)

Scroll down to the **GP** field

- Click **Change** (to the right-hand side)
- Type in **GP Details** in the **Enter GP Name, practice name/address/post code or GP code** field
- Select correct **GP Details** from dropdown
- Enter **Date Registered with GP Practice**
- Click **Save**
