Overview

Rio offers all menus via the  button located on the blue banner bar. Continually used options from the menus can be set up as Favourites – thus making use of Rio more efficient.

Setting Up Favourite Options

- Click 
- Three columns will display.
- Click  Quick Menu

In the second column you can select each of the options you want to add to your favourites

- Click  for the item you wish to mark as a Favourite

The icon will turn black.

- Click  My Favourites in the first column.

All options you selected now display in the second column.
